FOREWORD

The Sch. Castes and Sch. Tribes constitute an important segment of our State's population. Together they account for nearly 40 per cent of the total population of the State. Since Independence, in consonance with the constitutional provisions, the Welfare Government. is making all out efforts to bring about all round development of the weaker sections of the society, particularly Sch. Castes and Sch. Tribes in order to integrate them with the mainstream of population. To achieve these objectives suitable plans and programmes are being devised and implemented among these groups during different five-year plans.

The importance of basic statistical data assumes utmost importance for proper scientific planning. When we attempt to make such exercise for the SCs and STs, we look for these basic data on them and contact several organizations to get the same and spend a lot of time in the process .The only source for us is the Census Organization, Govt. of India. Very little attempt has been made so far to compile basic demographic data on SCs and STs relating to different Census years at one place in the form of a book.

SCSTRTI, being the premier Research Organization of the State engaged in conducting research among the Sch. Castes and Sch. Tribes of our State, scholars from out side often come to this Institute in search of demographic data on SCs and STs to meet their requirement. During our interaction many of them have advised us to bring out a publication based on compilation of Statistical data on STs and SCs of Orissa. Therefore, the need for bringing out a publication of this type was felt quite for sometime. Such a publication will not only serve our own internal need but also be helpful to the Planners, Researchers, Academicians, Development Administrators, Social Scientists and the General Public as a whole engaged in the task of development and research among STs and SCs.

The present publication i.e., a Data Handbook on STs and SCs of the State has been prepared by the Statistical Cell of this Institute. It contains State, District, ITDA and Block-wise compilation of Census data from 1961 to 2001 on broad demographic parameters.

I express my deep gratitude to the Census Commissioner, Govt. of India as well as the Census Organization, State Office for their publications on STs and SCs, as our compilation is based on their published data.

I am also thankful to the members of the Statistical Cell of this Institute headed by Sri S.C. Biswal, Statistician including Sri D.G.Mallik, S.A. and Sri B.C.Sahoo, S.A. for their efforts in compilation of Census data.

Sri B.B. Mohanty, Deputy Director of this Institute has taken active interest in this publication. He deserves thanks.

Finally, I acknowledge the assistance of Sd. F. Baque, Senior Stenographer of the Institute for his painstaking efforts in computer typing of the document.

* Data collected and compiled by the Statistical Cell of SC & ST Research & Training Institute (SCSTRTI), Bhubaneswar

\# Sources of data : Universal Bench Mark Survey conducted by SCSTRTI (1978-79)

: Census of India (1971), distribution of tribes, Police Station-wise

! Acronyms : ITDA – Integrated Tribal Development Agency

: MADA – Modified Area Development Approach

: MP – Micro Project

• Names of tribes typed **bold** are numerically the major tribes

▪ Tribes arranged in descending order of numerical strength

4. DISTRICT-WISE AND COMMUNITY-WISE DISTRIBUTION OF SCHEDULED TRIBES (1961)*
